

ROOTED IN LOVE

Love God. Love Others. Let Your Love Show!

“...being rooted and grounded in love.”
Ephesians 3:17 KJV

INSTRUCTIONS:

- 1 Write or draw one way you can show love in each area on the tree.
- 2 Choose ONE leaf. Ask yourself: “How can I show God’s love in this area TODAY?”
- 3 Go do it!
- 4 When you put love into action, tell a parent, grandparent, or trusted adult. You can also draw a star on that leaf.

REMEMBER:

Just like the roots of a tree grow deeper and make the tree stronger, we want our relationship with God to grow deeper too.

The more we learn about His love, the more we can learn to love others.

PRAYER

Dear God,
Thank You for loving me.
Help me to be rooted and grounded in Your love.
Teach me to be kind, forgive, watch my words, not be jealous, love my parents and caregivers, and love my brothers and sisters. Help me to show Your love every day in the way I live.

I want to grow closer to You and let Your love be seen through me.

In Jesus’ name, Amen.

I am rooted in God’s love.
I will show God’s love to others.
